

The Account Keeping system of Budapest Internetbank can be visited at

www.budapestbank.hu

Once there, please go to the Budapest Internetbank menu item

Logging on step by step

Logging on – Level 1

Please enter your **User ID** and **Password**!

User ID

The User ID consists of the name you provided at the time of signing the agreement and a 3 digit identification number: E.g. kovacsi835

Password

Your password is included in the PIN envelope you received at the time of signing the agreement. You need to change this Password when you are logging on the system for the first time. The system will prompt you automatically to do so.

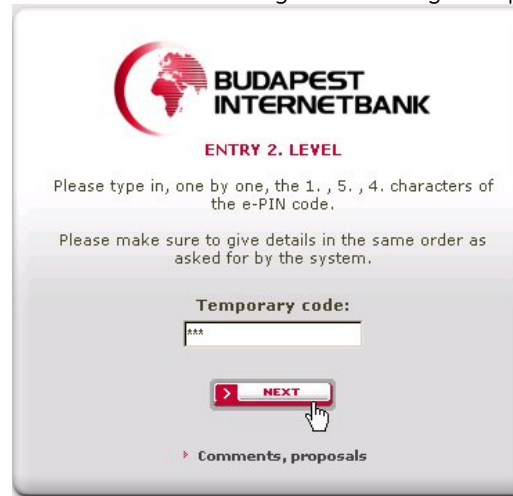

Logging on – Level 2

Enter your Level 2 ID!

In order to ensure increased security in addition to the Password it is necessary to enter another ID code for logging on and to initiate a transfer.

1. This is a so called **SMS/E-mail PIN code** that is valid for just one occasion and is changing from occasion to occasion. When you log on you receive the code in an SMS and/or in an E-mail.
2. **e-PIN code** is a code you find on your e-PIN card, in addition to the Password.
(When using the e-PIN code, the system asks for 3 digits from the entire code randomly and in changes sequences.)

Change of Password

It is necessary to change the password when using the system for the first time and then on a 3 monthly basis. The system will automatically remind to change your password.

Apart from this, by using the appropriate menu item you may change the password at any time.

For security reasons the Password must contain at least 8 characters and must contain at least 2 lower-case, 2 upper-case letters and 2 digits.

Use of the System / Navigation

After logging on successfully you can view the contents for options offered by the system. It is sufficient to simply click on the word you need and the service will be available immediately. No matter on which page you are, the contents remain available on the left hand side of the screen providing easy access to individual services.

Here are the services you can choose:

Account information

- › Account overview
- › Account history
- › Account statements
- › List of transactions

Here you can view the data of accounts involved in the service. Once you have chosen an account, you can view the details of its history, statements and transaction list.

Orders

- › HUF payment
- › HUF carry-over
- › Foreign exchange payment
- › Batched payment
- › Items authorisation

Here you can transfer domestic and foreign payments in HUF and foreign exchange. You can also transfer batch payments, and authorise transactions waiting for grant.

Bank card

- › Card suspension
- › Card authorisation
- › Card activation
- › Daily limit query
- › ATM limit modification
- › Purchase limit modification

If you have bankcards for the accounts selected for the service, here you can suspend, authorise or activate the desired one. You can query your card limits, and modify them as well.

Mailbox

- › Inbox
- › Outbox
- › New mail

The Mailbox service provides an opportunity for confirming certain transfers via a high security mailbox and for direct communication with our Bank.

Settings

- › Partners
- › Foreign exchange templates
- › Password change
- › Customize
- › Mobile tools
- › Contact details

In this menu item you may enter and save the data of your partners and foreign exchange templates, and can modify the settings of the service and your personal password as well.

LOGOUT

16:19:44

Account Overview

In the account overview menu item you can track the changes in the balances of your accounts. You may view the balance of your accounts and the changes in the balances.

APPROVE EDIT

In the menu item "List of transactions", you can view the status information of your orders. Once the order is successfully completed, a message will be sent to your Mailbox.

Partners / FX templates

Do you transfer frequently to the same account? Did you send your monthly utility payments via the post office?

- Settings
- Partners
- Foreign exchange templates

For your frequent transfer orders, save the account number and data of your partners or your service providers in menu item "Partners / FX templates". By doing so you will be able to initiate a transfer by pushing just one button as the system automatically uploads the given data of the order.

Card transactions

- Bank card
- Card suspension
- Card authorisation
- Card activation
- Daily limit query
- ATM limit modification
- Purchase limit modification

By using the system you may suspense, authorise or activate any of your bankcards selected for the service, and you can query and modify your card limits, such as the ATM and POS limits.

To complete the desired transaction, just click on the menu item you need, then check the message in the "Inbox" of your Mailbox if the transaction was successful.

Mailbox

Have a question or want to make a comment?

- Mailbox
- Inbox
- Outbox
- New mail

Write to us using the Internetbank! Using "New mail" in menu item Mailbox, you can send your e-mail to our Customer Service associates who will answer your mail as soon as possible.
